

Year 6 SATs Results 2019

We are proud to share with you our provisional 2019 Year 6 SATs results - please see the table below. We are delighted that 100% of our pupils achieved the expected standard writing, maths and SPAG and 93% achieved the expected standard in reading! These results are significantly above the national and local average. In addition, well over a third of our pupils in each subject achieved scaled scores that mean they are working significantly above the expected standard, which is a phenomenal achievement!

Results such as these could not have been achieved without immense levels of dedication and hard work from our Year 6 pupils, who should be incredibly proud of their accomplishments! We'd also like to recognise the outstanding teachers throughout the school, but particularly in Year 6 this year, who have helped the children achieve these remarkable results.

Please scroll down to the next page to see the 2019 results.

Subject	National 2019 %	Middleton 2019 %	National average scaled scores	Middleton 2019 average scaled scores
Reading Expected standard +	73%	93.3%	104	108.5
Higher standard	Not yet published	37.7%		
Writing Expected standard +	78%	100%	NA	NA
Higher standard	Not yet published	46.6%		
Maths Expected standard +	79%	100%	105	108.8
Higher standard	Not yet published	37.7%		
SPAG Expected standard	78%	100%	106	113
Higher standard	Not yet published			
Reading, Maths, Writing Combined	65%	94.4%	NA	NA
