

Summer 2 for Year 6

Dear Parent/carer,

Summer 2 for Year 6 is always about celebrating their time at Middleton as well getting them ready for their next steps towards Secondary School. We will be continuing with maths, English and non-core lessons but we will hopefully be able to run other events which we have done for previous year groups. We know that the children have grown up seeing the Year 6s take part in fun events during this term and we will do everything we can to ensure they have an enjoyable end of year.

We will be in touch as soon as we possibly can to let you know about events which will be taking place and the dates.

Miss King and the Year 6 team

<u>Geography</u>	<u>Music</u>	<u>Art</u>	<u>Science</u>
Fieldwork - What elements interfere with a natural ecosystem? Quadrant sampling	Plan and compose an 8 - 16 beat melodic phrase using the pentatonic scale of either g major or e minor, incorporate rhythmic variety and interest. Notate this melody. Perform composition as a group	Research Richard Kimbo and the technique of batik Copy the style of a Madiba shirt to create a batik clothing design.	Creating a circuit Nutrients and water transported around the body Research the work of famous scientists for evolution
<u>Computing</u>	<u>French</u>	<u>RSHE</u>	<u>RE</u>
-Define the terms 'influence', 'manipulation' and 'persuasion' and explain how someone might encounter these online. -convert from binary to decimal	Careers	Sex education (a letter will be sent out about this nearer the time) Road Safety: risk assessment for secondary school Understand what is child exploitation Recognise the warning signs for mental health	Does belief in Akhirah (life after death) help Muslims lead good lives?
